

HELP US HELP YOU!

Earn a \$500 tuition credit

by referring a new family to ALCS.

The “Help Us Help You” program has been renewed for the coming year. ALCS has enrollment openings in most grades for the 2010-2011 school year. We understand that “word of mouth” is the best advertising, so we are offering this special incentive. You can earn a tuition credit of \$500 for each new family that enrolls based on your referral.

Here’s how it works:

- Step 1: You encourage families you know to consider enrolling at ALCS. (Simply give them a copy of the ALCS DVD.)
- Note: If finances are a barrier, then encourage them to apply for scholarship assistance @ www.factstuitionaid.com. Feel free to have them contact Mr. Butler if they have any questions about the process.
- Step 2: The new family lists you as the referring family on their enrollment application. (Note: When more than one referring family is listed, the credit is split equally between the referring families.)
- Step 3: After the new students successfully complete one semester, you earn a \$500 tuition credit for each new family you referred. You can choose to use the tuition credit yourself or designate for another family, including the family you recruit.
