

This affidavit and supporting documentation must be dated within six (6) months of the intended date of enrollment.

U.S. immigration regulations require Abundant Life Christian School to verify that every international student has the financial resources to pay for all educational, living, and other expenses. If you will be applying/sponsoring for an F-1 student or J-1 exchange visitor/student visa, you must certify that you have sufficient funds to cover your expenses. A Form I-20 or DS2019 (used to obtain the visa) cannot be issued until this affidavit has been completed, signed, and returned with the appropriate supporting documentation.

Section 1: Applicant's Declaration

- I understand that unless I receive financial support from Abundant Life Christian School, I must have at least \$_____ (Fill in U.S. dollar amount) per year available to me for my fees and living expenses during my secondary education. (Breakdown of estimated costs is provided on page 2 of this form.)
- I understand that medical care is very expensive in the United States, that in the absence of health insurance a full range of medical care may not be available to me, and that Abundant Life Christian School strongly recommends that I have health insurance for myself.
- My signature certifies that all information provided on this form is complete and accurate, and that I am responsible for all expenses for myself. Abundant Life Christian School is not required to provide financial assistance or employment. In the event financial assistance/employment is awarded, I understand that continued support (beyond the first year) is contingent on many factors, including maintaining satisfactory progress in the secondary program and on availability of scholarship funding. In the event financial support is not continued, it will be necessary that I provide my own financial support.
