### QUALIFICATIONS FOR TUITION ASSISTANCE

Families must submit the **ALCS Tuition Assistance Verification Form** and attach of a copy of their **2024 Federal Form 1040 Tax Return** to be eligible.

Re-enrolling families should submit for verification as soon as possible following re-enrollment and prior to June 30, 2025, to be eligible for consideration prior to having to make their first tuition payment. Any previous debt to the school must be paid in full prior to Tuition Assistance being made available for the coming school year.

New families should complete and return their Tuition Assistance Verification Form along with their new student application(s) when seeking admission for the current year. Verification forms should be received prior to June 30, 2025, when applying for the upcoming school year.

ALCS reserves the right to require verification or to inquire further regarding pertinent financial data included on 1040 tax returns. On rare occasions, tuition assistance may not be fully granted if a family has unusually significant assets (or net worth) in relation to family income. **The maximum qualifying tuition assistance percentage is 50% and is applied to reduce academic 3K-12 tuition only (afterschool programs and other fees do not qualify for scholarship assistance).**
